## **Introduction to Unity School**

Unity School has served the communities of Boca Raton, Delray Beach, Boynton Beach, Lake Worth and the surrounding areas since 1964.

The School operates under the policies of Unity of Delray Beach, Inc. Unity School is a church-related, independent, nonprofit school, and is accredited by the Florida Council of Independent Schools (FCIS) and the Association of Independent Schools of Florida (AISF). The Montessori Preschool program is also affiliated with the American Montessori Society (AMS) and the Florida Kindergarten Council (FKC) accredits both the Preschool and Kindergarten programs.

## **Mission Statement**

The goal of Unity School is to empower children and inspire learning by educating the entire child: mind, body and spirit.

## **Vision Statement**

Unity School will empower children to be lifelong learners who are inspired to believe they have their own unique contribution to give and can be a powerful influence for bringing forth substantial and needed change throughout the world.

## **Philosophy**

Education at Unity School is a process that encompasses all aspects of the child and is based upon the promotion of the individual worth and dignity of each child. Unity School's innovative approach to this process incorporates brain-based learning, universal principles, and extensive family and parental involvement on and off campus.

1. Brain-Based Learning

The curriculum at Unity School was developed to meet the needs of a child's growing brain. Our administrators have done significant research on the brain. As a result, the day's schedule and lessons are based on when children are best able to receive information. "Heart math" is used to ensure a positive connection between the brain, body, and spirit. Homework is geared towards ensuring that the information "sticks." The nutritional program is centered on what a child needs to maintain healthy brain functions and supports activities like music, athletics, and art, which are intentionally introduced at varying ages to maximize the child's benefit.

## 2. Universal Principles

### **The Law of Oneness**

The One Presence and One Power active in the Universe is impartial Love. This Force is often called God, Infinite Intelligence, Lord, Creator, or Universal Mind. We are one with this Presence and Power.

### **The Law of Wisdom**

Infinite Wisdom and Divine Guidance are within all of us.

### **The Law of Love**

As we align with the power of love within, we transform ourselves and our world.

### **The Law of Forgiveness**

Forgiveness is a specific application of the Law of Love and is deeply transformative. Forgiveness heals and empowers us by bringing freedom from those perceptions that enslave and limit us.

### **The Law of Mind Action**

Thought is creative. We can concentrate our energies together and make our dreams realities.

### **The Law of Equality**

All life is an individualized expression of all that is good, and deserves love and respect.

### **The Law of Cause and Effect**

As we sow, so shall we reap. Every thought feeling and action has a corresponding result. This law enables us to create and guide our own destiny.

### **The Law of Giving and Receiving**

True giving is unconditional, done with no expectations, and blesses the giver as well as the receiver. True giving manifests love.

## **The Law of Attraction**

Like attracts like, we attract into our lives that which we think, feel, and imagine.

### 3. Family and Parental Involvement

More than 300 independent research studies show that building parental involvement in education is the number one thing we can do to create a great school and improve student performance. Unity School provides a wealth of opportunities for parents and families to be involved in their child(ren)'s education from volunteering in the classroom, to supporting the School's calendar of events. Our greatest asset is the dedication and involvement of our parents.

## **History**

The foundation for Unity School began at the Unity Headquarters, Unity Village, in Missouri. There, Madame Elizabeth Caspari, who studied under the direction of Dr. Maria Montessori, conducted an experimental school and helped train teachers in the Montessori method and philosophy. Caspari's school was a great success.

As a result, Unity Montessori Preschool was founded in 1964 by Unity of Delray Beach, Inc. in an effort to bring this same work here. Unity School is inter-denominational and respects the basic truth within all religions. Unity School has devoted an entire department, called Lessons in Living, to educate, nurture and embrace our students, staff, and families in the vision of love, wisdom and divine greatness that lies deep within each person. This philosophy is based on peace, love, acceptance, tolerance, compassion, non-violence and reverence for ourselves, the human family and all life on this planet. Children are inspired to believe they have their own unique contribution to give and they can be a powerful influence for bringing forth positive change in our society and our world. The Lessons in Living Department is a vital part of the Unity School curriculum and experience.

Investor and developer Warren Grimes, a member of the Unity Church, donated the land and generously provided the funds to construct Unity School's initial buildings. Since 1964, Unity School's achievements have been led by our parents, a group of devoted individuals determined to ensure the best for their children. In 1984, former Head of School Maria Barber coined the phrase, "Unity School, where the child is our most important resource and an informed parent is our greatest asset." The truth of this

statement is evident in the pioneering efforts that brought the opening of Unity School in 1964, the graduation of our first middle school class in 1991 and the building of the incredible ALEC (Advanced Learning Enrichment Center) Building in 2001. The ALEC building houses an NBA quality gymnasium, television production studio, performance stage complete with lighting and sound, art studio, music studios, state of the art cafeteria and the Lessons in Living department.

***The Unity School Handbook contains general information about policies, procedures, and programs. The Handbook cannot possibly cover every situation that may arise and, therefore, some decisions or policies are at the discretion of the faculty and/or administration. Furthermore, under special circumstances, it may be appropriate for the administration to diverge from established codes.***

***Each student and family is responsible for adhering to all policies as set forth by the School. This also pertains to information distributed throughout the year.***

## ADMISSIONS AND REGISTRATION

Unity School has an “open admission policy” of non discrimination on the basis of race, color, gender, religion, age, or national origin. In order to effectively evaluate the qualifications of each child for admission, we ask your cooperation in completing the following steps:

### The Admission Process

1. New Students - Prospective parents must complete the following steps prior to acceptance:

- Schedule a tour and conference with the Director of Enrollment Management. The Director of Enrollment Management will make every effort to show parents what is expected, what the curriculum and programs entail for each student, and how the school operates.
- Provide copies of report cards, teacher recommendations and standardized test scores for all students entering 1st through 8th.
- Register students by completing an *Application for Admission* for each applicant. The terms and conditions of the *Application for Admission* shall continue in full force and effect. This Handbook supplements the application. The Admissions Committee will ascertain whether the student is a candidate for admission to Unity School.
- Pay a nonrefundable application and testing fee.
- If necessary, complete a waiting list application form. Waiting list forms will remain on file for fall admission.
- Forward a Student Release Form from present school to the Head of Unity School if a student is currently enrolled elsewhere. Transcripts, report cards, teacher recommendations, and standardized test results must be submitted from present school.
- Prospective students entering Grades K-5 must achieve a score acceptable to Unity School on an entrance examination. Prospective preschool students attend a Meet & Greet with the Director of Preschool or DEM.

2. Returning Students - In order to ascertain whether a student will experience success, Unity School reserves the right to evaluate any returning student.

- *Conditional re-enrollment* - Students may be accepted on a probationary basis (behavior/academic). An agreement with parents/administration as to what is expected for the next school year will be discussed.

3. All Student - New parents (after acceptance) and returning parents must complete the following steps:

- Complete and return the *Enrollment Agreement*. The terms and conditions of the *Enrollment Agreement* shall continue in full force and effect. The Unity School Handbook shall supplement this agreement.
- Pay the registration/enrollment fee.
- Return a current Palm Beach County Medical Examination Form, Palm Beach County Immunization Form, Emergency Student Medical Form, and other forms required by H.R.S., FCIS, Unity School, or any government agency. Children with communicable diseases are not eligible for enrollment. All immunizations must be up to date or a student will not be admitted to school after Labor Day.

### **Registration**

- Registration for new students will commence in the fall of the new school year in accordance with the school calendar. Applications for admission for fall enrollment are made early in the preceding spring. Registration for all grades will continue until the maximum allowable class size is met. All class sizes will be held within fixed limits. Additional students will be placed on a waiting list.
- All in-house registration for returning students will be conducted during a specific time designated by the Head of School. A school notice in the FYI and the school calendar will inform parents of in-house registration dates.
- After in-house registration is over, one courtesy call will be made to a parent of each Unity School student who has not registered on time in order to ascertain intentions concerning re-registration. If a parent cannot be reached, a student will remain on the registered list on a hold status for one week from the date of the courtesy call week.
- All students who miss the in-house registration deadline (including the two weeks on the registered list with a hold status) will be considered new students and placed on the waiting list. However, the Head of School, at his/her sole discretion, may decide to place those students at the top of the waiting list.
- Communication will be sent to all current waiting list applicants advising them of their status for placement.
- The *Enrollment Agreement* indicates a policy concerning withdrawal from the School. The School will enforce any resulting tuition obligations.

## **Admission Guidelines**

- The *Application for Admission* cannot be processed until all forms have been completed and all materials have been received and reviewed.
- Children who have previously attended the School will be given preference for placement and every effort will be made to enroll siblings. Teacher's children are given first priority to openings, but each child must complete the admission requirement for enrollment.
- The Head of School will not convince any parent to withdraw a child from another school and cannot register any student who is under contract with another school unless a release form is received from the prior school.
- Any student who shows evidence of behavior problems will not be accepted for admission unless the Head of School, at his/her sole discretion, believes the student will not adversely affect the teacher or other classmates.
- Administration of the Entrance Examination and the score attained thereon may in no way be construed as a warranty or representation by the School that a student is capable of attaining any given level of achievement while enrolled in the School. Such examination is for the internal administrative and sole use of the School in the admissions process. Satisfactory scores on tests recently administered elsewhere are provided by parents may not be deemed sufficient and acceptable. If a student does not achieve a passing score on the Entrance Examination, the Head of School may reject the Application for Admission and deny the student admission to the School.
- Unity School may deny admission to students whose parents demonstrate a negative attitude toward the School's philosophies and/or an unwillingness to work with any teacher, parent, staff member, or the Head of School.
- Unity School is not equipped to serve students with learning disabilities. Any exceptions will be determined at the Head of School's sole discretion.

## **Enrollment Agreement**

The School will make a decision concerning an *Application for Admission* within a reasonable time. If a student is accepted for enrollment, the parents and the School will enter into an *Enrollment Agreement*. However, if no Enrollment Agreement is executed, a student will not be enrolled.

Approval of a student's *Application for Admission* alone does not mean that all conditions of enrollment have been agreed to or satisfied and, therefore, does not guarantee the student's enrollment in the School. Again, this Handbook supplements the *Enrollment Agreement* and both shall be binding upon the School, parents, and students.

## **ACADEMIC PROGRAMS**

### **Preschool**

Unity School offers a Preschool which includes a Toddler class (ages 2.0-2.5), an Orientation class (ages 2.6-3.2) and two Preschool classes (ages 3.3-5.0). To enter Orientation and Preschool classes students must be potty trained and use the restroom independently. The Preschool, founded in 1964, is a Montessori program based on the principles and teachings of Maria Montessori. The Preschool facilities include large indoor and outdoor classrooms completely equipped with Montessori materials.

### **Elementary School**

Unity Elementary School includes grades K-5. The focus of these grades is a traditional progressive curriculum with special classes in music, band (grades 4-5), art, Spanish, physical education, library, lessons in living and technology. Interest centers, team teaching, cooperative learning techniques, and multiple intelligence strategies are implemented to meet the needs of the individual in the curriculum.

### **Middle School**

Unity Middle School includes grades 6-8. The focus of these grades is on a strong academic and enrichment program that prepares all students for success at the high school level. It is designed according to ongoing evaluation of current research on the middle school student and is in cooperation with high school programs in Palm Beach County.

#### *Middle School Academic Curriculum*

The academic courses emphasize the development and integration of study skills in all content areas. Students are required to take language arts, mathematics, science, and social studies. In addition to core subjects, students are also required to take Spanish, band, leadership, technology/research, and physical education. High School math and Spanish courses are offered to our advanced students.

### *Middle School Electives*

A variety of electives are offered, including courses in art, music, TV production, theatre, and technology. Opportunities are available for students to participate in programs, contests, competitions through various classes and organizations.

### *Middle School After School Programs*

After-school study sessions are available from Monday through Thursday according to the schedule of teachers. Any student who does not maintain a “C” average in a core subject is required to attend these sessions for that particular subject. This student may not participate in an extracurricular activity (sports, drama, music/band) unless released by the “content teacher.” A teacher may also require attendance if a student’s achievement varies significantly from the rest of the class.

## **SCHOOL POLICIES, PROCEDURES, AND PROGRAMS**

### **Academic Achievement (Honor Society / Honor Roll)**

Unity School recognizes all honor students Grades 3-8. A Certificate of Achievement is mailed home at the end of the marking period. For Elementary School this is done for four quarters and for Middle School it is done in three trimesters. Requirements for Honor Roll are grades of 3.5 or higher with no grade lower than a B-. A student must maintain all As in order to achieve Honor Society.

### **Academic Probation**

Academic Probation will be at the discretion of the administration. Students in Grades 3- 8th may be placed on academic probation if a grade average falls below “C” on the report card. All students on academic probation will be evaluated and given an opportunity to improve grades. Students on academic probation may not be permitted to participate in after-school or school sponsored activities until the student is withdrawn from academic probation.

### **After-School Enrichment Activities**

After-school enrichment activities are offered throughout the year for students in grades PK-5. These programs are developed to provide instruction in additional areas of interest. All enrichment instructors are interviewed by the Head of School or designee to ascertain the instructor’s qualifications and the appropriateness of the program. The Head of School and the instructor establish policies and procedures for the program. Fees for after-school enrichment activities are billed to the student’s account.

All Middle School students are encouraged to participate in supervised after-school activities such as sports, theatre, study groups, clubs, and extracurricular activities.

Any student that is absent during the day may not participate in any after-school activity that day (including evening events - i.e dances) without specific permission from the Middle School Director or Head of School.

### **Academic Tutoring**

In order for students to work with a school sanctioned tutor on campus during the school day, the student must have been identified through testing as having special needs. The tutoring may only occur through a pass/fail class. All other tutoring is generally done after school at an additional cost to parents.

### **Athletics**

Varsity and Junior Varsity sports are offered to 5th-8th grade students. The School generally competes in the areas of flag football, soccer, basketball, volleyball, lacrosse, and tennis. Other sports may be offered. It is the responsibility of the student to notify the team coach in advance if he/she is unable to attend a practice or game. Athletes and parents are required to abide by the rules and procedures outlined for sports. Students on some teams are required to purchase uniforms and/or equipment. There is a registration fee for competitive sports. The PE department or the office staff will notify families if there is a cancellation of a game or practice. All student spectators must be supervised by an adult at games.

### **Attendance**

Attendance is taken daily by your child's teacher. Any student not well enough to attend classes during the day or who has an unexcused, non-illness absence, may not participate in any after-school activity that day without specific permission from the Head of School.

### **Excused and Unexcused Absences**

- All absences require a written explanation from a parent and are kept on file. Whether excused or unexcused, students entering school after the bell has rung will be marked tardy. Any student arriving 1 ½ hours late in the morning or leaving 1 ½ hours early in the afternoon will be marked for a half-day.

- Students with an absence are given one extra day per excused absence to complete class assignments, tests, and homework. In unusual circumstances, an extension may be permitted, or tests may be rescheduled at the teacher's convenience.
  - **Excused Absence**  
Absences due to illness, medical reasons, family emergency, or special situations approved by the Head of School are considered excused.
  - **Unexcused Absence**  
Absences not considered excused, as stated above, include such things as vacations and appointments. Since some classes rely heavily on class participation, unexcused absences may adversely affect a student's grade. All homework and tests are due on the day the student returns.

**Students may not have more than 10 unexcused absences in a marking period for any class. If unexcused absences exceed that number, a passing grade may not be issued. A parental note must be given to the teacher immediately upon the student's return, stating the date and reason for the absence. If the note is not turned in by the end of the week, the absence will be recorded as unexcused. Any note not received by this deadline will not be accepted.**

**A doctor's note may be requested for extended absences.**

## **Illness**

Please use the following guidelines before returning your child to school:

- *Fever / Vomiting / Diarrhea*: Students must be free of all symptoms for 48 hours before returning to school.
- *Infectious Illness*: Symptoms must disappear before returning to school. A written statement from a doctor may be required stating that the illness has subsided and is no longer infectious.
- *Runny noses*: Do not send preschool children to school with a runny nose.
- *Antibiotics*: A child must be on an antibiotic for 24 hours before returning to school.

- *Head Lice*: If head lice are discovered, the student must be dismissed from school and may not return until treatment has been administered, and he/she has been reexamined and deemed lice-free.

### **Absences that are Prolonged**

Tutoring may be recommended for students with a prolonged absence since teachers are not responsible for the makeup instruction.

### **Appointments and Vacations**

Teachers have requested that parents plan appointments and vacations for students around school hours and the school calendar. An initial and/or final orthodontic application appointment is considered excused. Other dental/orthodontic appointments are recorded as unexcused.

Parents must pick up their child at the school office if a student must leave during the school day. A note must be turned in to the classroom teacher at the beginning of that day stating date, time, and reason for dismissal.

### **Missed Homework**

Students will generally have an extra day to make up class and homework assignments. Teacher's discretion will be utilized if extra time is needed. Tests will be made up upon the students return to class or at the teacher's convenience. If a parent would like to obtain a child's class and homework assignments, the teachers must be notified by 10:00 a.m. If a parent would like to obtain a child's class and homework assignments in advance (for a trip or known absence), please notify the teacher one (1) week in advance.

### **Tardiness**

Tardies are recorded. Excessive tardies to school/class will result in a conference with the student and his/her parents. Students arriving late for class will adversely affect their participation grades. Students entering school after 8:20 a.m. will be marked tardy.

### **Birthday Parties**

Birthdays are not celebrated in the classrooms. Invitations and thank you notes for parties held off-campus may not be distributed at school unless all classmates have been included.

### **Class Trips Fifth through Eighth Grades**

Each year, specific class trips are organized that enrich the program at Unity School. These class trips are specifically designed for particular age or grade levels. All trips are organized at the beginning of the year and may involve a nonrefundable fee.

Misbehavior during a field trip or grade level class trip may result in receiving a detention, suspension or expulsion. Any child who is dismissed from a program must be picked up immediately by his/her parents at their own expense. In this instance program fees will not be refundable.

If a student chooses not to attend a class trip (based on prior administrative approval), students may be required to complete special assignments relating to that trip.

Students who become ill on the class trip must be picked up immediately by the parents. Refunds, if any, will be determined by the sponsoring program.

All Middle School fundraising activities for class trips must be approved by the administration and are conducted only when parent support is present. *Personal sales (i.e. candy, toys, fad items) are not permitted. Distribution through the school of information on non-Unity fundraisers is not permitted.* Funds raised can only be applied to help defray the specified cost of class trips. If funds are raised for class trips, but the student does not attend the class trip, or if a student raises funds in excess of the specified cost, those funds can be applied to a future class trip, a siblings class trip account, or are redirected into a Middle School scholarship fund. In order to be eligible to benefit from fundraising, students must follow established guidelines and procedures for each event. In all cases, the student's family must also support a school wide fundraiser that benefits Unity School.

### **Classroom Assignment Requests**

Requests for a teacher and/or class in preschool is not guaranteed, we do our best to try and accommodate the request but have several criteria we use to build the classrooms. Requests for a teacher/class in grades K-5 cannot be honored and are discouraged, unless the Head of School agrees that the educational or behavioral concerns of the child warrant granting such a request.

### **Clean Up**

All students are responsible for school clean up which involves keeping the facility in proper order, as found in the morning upon arrival. The hallways, walkways,

playground, picnic areas, cafeteria, gymnasium, classrooms, locker rooms, and restrooms fall under this category.

### **Clinic**

The Pam Walker Health Clinic is staffed by Registered Nurses. Any special concerns about a child's health (e.g. frequent headaches, severe allergies, and new onset illness) may be conveyed directly to these nurses and will remain confidential.

In compliance with Palm Beach County School Board directives, all medications (including over the counter medications) brought to school to be administered must be submitted with a completed *Physician Authorization for Student Medication* form. This form is only available through your Pediatrician/Health Care Provider. One form is required for each medication and for each child. All medications must be turned in to the school office in a resealable plastic bag.

### **Community Service**

The purpose of community service is to broaden a student's experience and awareness of our community's needs. Students may earn a maximum of 50% of the required hours throughout the school year at Unity School. All students are expected to contribute community/school service hours as a part of the Unity School Middle School program.

- Grade 6: 10 Hours
- Grade 7: 15 Hours
- Grade 8: 20 hours

Service hours may be obtained through not-for-profit entities or organizations and must be signed by a non-parental supervisor. Hours may also be earned through the Margaux's Miracles Foundation. Exceptions must be approved in advance by the Middle School Director.

Parents and students will sign a contract regarding community service hours. Accumulated hours will be recorded on the student's final year end report card and noted as pass/fail. The required hours must be completed to earn a passing grade. The calendar deadline for completed hours must be observed.

### **Anti-Bullying and Anti-Harassment Policy**

1. **Purpose.** The goal of Unity School is to ensure a safe, secure, civil, and respectful learning environment for all students and school employees. Bullying or harassment,

like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe environment. It is important to change the social climate of schools and the social norms with regards to bullying and harassment. This requires the efforts of everyone in the school environment -- teachers, administrators, other non-teaching staff, parents or legal guardians, and students. The purpose of the policy is to assist the School in its goal of preventing and responding to acts of bullying or harassment.

2. **General Applicability of Policy.** This policy applies not only to students, parents, or school employees who directly engage in an act of bullying or harassment, but also to students, parents or school employees who, by their indirect behavior, condone or support another student's or employee's act of bullying and harassment. The misuse of technology including, but not limited to, teasing, intimidating, defaming, threatening, or terrorizing another student, teacher, administrator, volunteer, or other employee of the school district by sending or posting e-mail messages, instant messages, text messages, digital pictures or images, or Web site postings, including blogs, also may constitute an act of bullying or harassment regardless of whether such acts are committed on or off school property and/or with or without the use of school resources. This policy applies to any students, parents, or school employees whose conduct at any time or in any place constitutes bullying or harassment that interferes with or obstructs the mission or operations of the Unity School or the safety or welfare of the student, other students, or employees.

3. **Statement of Policy.** The School prohibits bullying and harassment of any type of student, parent, or school employees, by either a student, a group of parents or a group of students a school prohibited on school property or at school-related functions.

- a. No teacher, administrator, volunteer or other school employee shall permit, condone, or tolerate bullying and harassment.
- b. The apparent permission or consent by a student being bullied or harassed does not lessen the prohibitions contained in this policy.
- c. Reprisal or retaliation against a victim, good faith reporter, or witness of bullying or harassment is prohibited.
- d. False accusations or reports of bullying or harassment against another student are prohibited.
- e. A person who engages in an act of bullying, reprisal, or false reporting of bullying and harassment, or permits, condones, or tolerates bullying and harassment shall be subject to discipline for that act in accordance with school policies.
- f. The school will act to investigate all complaints of bullying or harassment and will discipline or take appropriate action against any student, teacher, administrator,

volunteer, or other employee of the school district, or adult, who is found to have violated this policy.

- g. The submission of good faith complaints or reports of bullying or harassment will not affect the reporter's future employment, grades or work assignments, or educational or work environment.

It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation; and may involve but is not limited to:

For off-campus conduct, the School shall be responsive in cases where the off-campus conduct causes, or threatens to cause, a substantial

disruption at school or interference with the rights of students to be safe and secure.

The School recognizes that cyberbullying can be particularly devastating to young people because:

- i. Cyber bullying is often engaged in off-campus, but the harmful impact is felt at school.

School property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying and harassment at these locations and events, the school does not represent that it will provide supervision or assume liability for incidences at these locations and events.

Unity School expects students and parents to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment. In addition to conducting themselves in a professional manner with supervisors, colleagues, students, school administrators, teachers, staff, and volunteers will treat others with civility and respect, and will refuse to tolerate bullying or harassment. All administrators, faculty, and staff, in collaboration with parents, students, and community members, will incorporate systemic methods for students and staff recognition through positive reinforcement for good conduct, conforming to reasonable standards of socially acceptable behavior, respecting the person, property, and rights of others, obeying constituted authority, responding to those who hold that authority, self-discipline, good citizenship, and academic success, as seen in the required school plan to address positive school culture and behavior.

Students are encouraged to support other students who walk away from acts of bullying and harassment when they see them, constructively attempt to stop them, and report such acts to the Head of School or his/her designee.

Each driver assumes a great deal of responsibility in transportation, and as always, safety is our primary concern. If for some reason a student interferes with a driver's concentration, detentions will be issued. Other forms of discipline may be imposed, depending upon the circumstances.

- **Gender Identity:** This term describes a person's deeply held knowledge of their own gender, which can include being a female, male, another gender or no gender. One's gender identity can be the same or different from the gender assigned at birth.
- **Gender Nonconformity:** This term is used to describe a person who has, or is perceived to have, gender characteristics and/or behaviors that do not conform to traditional societal expectations.
- **Transgender:** This term is used to describe a person whose gender identity is different from that traditionally associated with the gender assigned at birth.
- **Transition:** This term describes the process in which a person begins to live according to their gender identity, rather than the gender they were

assigned at birth. Transition is a process that is different for everyone, and it may or may not involve social, legal, or physical change.

- **Student support team:** This is a group of individuals convened to review accommodations and support requested by the transgender and gender nonconforming students or their parents or guardians. The team consists of the Head of School, Division Director, individuals the student identifies as a trusted school adult, the guidance counselor and nurse. This team is responsible for developing a plan for supporting the student and identifying necessary accommodations.

### **Student Support Action Plan**

Unity School is committed to work with each individual to support the needs of a student's unique gender identity and/or expression. If a transgender or nonconforming gender student or his or her parents/guardian express the desire for support and/or accommodations at school, the Head of School will convene a Student Support Team for the student. The team will work closely with the parent/guardian or student to discuss individual needs and suggested support or accommodations. Once the plan has been discussed, the Head of School will determine if the accommodations can be met. The plan may include but is not limited to:

- **Preferred name, personal pronoun:** Students may be addressed by their preferred name or personal pronouns, if requested, including he and him, she and her, they and them, or any other pronoun the student prefers. Unity School will not require a legal name change for the faculty/staff to use the student's preferred name or gender.
- **Non-official Unity School records:** Records that document a student's education may refer to a student by their preferred name and gender if requested.
- **Official records:** Education records mandated by law may require Unity School to use a student's gender and legal name.
- **Dress code:** Students may comply with the dress code in the manner consistent with gender identity and/or expression if requested.
- **Restrooms:** Students may use the restrooms that align with their gender identity or expression. An alternate restroom will be available if needed. These accommodations will be assessed on a case- by-case basis consistent with the support plan.
- **Locker rooms:** Students may use the locker rooms of the gender identity or expression they identify with. An alternate changing area can be

available if needed. These accommodations will be assessed on a case-by-case basis consistent with the support plan.

- **Physical Education/Sports/Clubs/School Events:** Transgender and gender non conforming students shall be provided the same opportunities to participate in physical education as all other students. Generally, students will be able to participate in gender segregated, recreational, sexual health education classes, clubs, sports, and school events in accordance with the gender identity the student consistently asserts at school.
- **Safety** - The parties involved may discuss any safety concerns.
- **Privacy** - The parties may discuss any privacy concerns including disclosure of any information that is discussed with the Student Support Team.
- **Overnight trips:** In no case should a transgender or gender nonconforming student be denied the right to participate in overnight trips because of a student's gender identity status. The Head of School or Division Director will work with the student and the Student Support Team to determine the accommodations that will be provided based on the circumstances of the trip.

### **No Discrimination, Bullying or Harassment**

In accordance with Unity School's Harassment and Bullying Policy students are expected to treat each other with dignity and respect. Unity School will not tolerate any discrimination, bullying, or harassment of any kind. Any gender inclusivity concerns must be reported to the Division Director, Guidance Counselor or the Head of School so that it can be investigated.

Students who have been found to have engaged in discrimination, bullying, or harassment because of gender identity and/or expression may be handled in the same manner as other harassment or bullying complaints.

### **Confidentiality and Disclosure**

Students have the right to keep private their transgender status or gender nonconforming presentation at school. The Student Support Team and the Head of School will keep the information confidential until otherwise given permission from the family and student.

Given the age of the students at Unity School, if a student chooses to share their transgender status or gender nonconforming presentation, there should be a plan

in place with the family, student and Student Support Team prior to the transgender or gender nonconforming student telling other students.

### **Grade Point Average**

Any student that is taking an advanced placement course will have the particular GPA properly weighted.

The Eighth Grade salutatorian and valedictorian are chosen from among the students who have the highest GPAs and who have maintained a 3.5 minimum average through the Seventh Grade and first two trimesters of the Eighth Grade year. For the determination of the grade point average the three trimesters in Seventh Grade year and the first two trimesters of the Eighth Grade year will be used. Students must have been a student for all of Seventh and Eighth Grades to be considered for this award. Teacher and administration recommendations may also be a part of the process. Any student who has received behavioral consequences may be ineligible for academic awards.

### **Grading System**

The teacher has the final decision on grades according to basic criteria. Grades can only be changed by teacher decision.

The Unity School grading scale is as follows:

A+	98-100	B+	87-89	C+	77-79	D+	67-69
A	94-97	B	84-86	C	74-76	D	64-66
A-	90-93	B-	80-83	C-	70-73	D-	60-63
						F	Below 60

Support grades for Elementary School are administered under a pass/fail system, with the exception of 4th and 5th grade band classes and 5th grade Spanish. These classes receive grades. Participation plays a much greater role in determining this grade. Homework is not usually required in support classes. Middle School PE, Community Service and Lessons In Living are graded as pass/fail. Students in middle school electives can only receive up to an A for the classes, no A+s given out for electives.

Middle School has additional penalties that will be invoked during the following situations:

- Paper without name: -5 points
- Talking during a test first offense: -5 points

- Talking during a test 2nd offense: 0% on the test
- Cheating (disciplinary referral to administration): 0% on the test
- Giving homework/classwork answers to another student is a form of cheating by both students: 0% for both students.
- Plagiarism is considered cheating and will adversely affect students' grades.

### **High School Placement**

Unity School Students are prepared for acceptance in all area public and private schools. General information is provided in the fall of the Eighth Grade year. Parents should be aware of the various high school admission requirements and application deadlines.

### **Homeroom**

Every student is assigned a homeroom. During homeroom the following takes place:

- Attendance is taken
- Information is disseminated
- Lunch orders are taken
- Dress code is checked

### **Homework**

Depending upon the student's age and his/her particular class, he/she will be required to do some work at home. Homework is not assigned to preschoolers. If parental assistance is needed, parents will be notified. Normally, students will be able to do assignments without assistance. If, for any reason, the teacher feels the majority of the project had an abundance of parent input, a new assignment may be given to ascertain the child's true ability. Students are expected to complete and return homework assignments when indicated. All students 3rd through 8th grades are responsible for writing down homework assignments. K-2 students will have communication sent home by the teachers.

The following is an estimate of the expected homework by grade:

<b>Grade</b>	<b>Not less than</b>	<b>Not more than</b>
Kindergarten encouraged by February		20 minutes
1st Grade	10 minute	20 minutes
2nd Grade	20 minute	35 minutes
3rd Grade	30 minutes	45 minutes
4th Grade	40 minutes	60 minutes
5th Grade	50 minutes	70 minutes

Middle School is as needed homework determined by the teachers. It may be necessary to deviate from this format. The amount of time a student spends on homework may vary from student to student. In order to ascertain accurate homework time, we suggest eliminating access to TV, telephone, and other distractions.

Whenever students are absent, they are responsible for obtaining their assignments.

In Middle School, there are consequences for late homework assignments. Academic detention is given for any student who has three missing homework assignments in one class in a trimester. Additionally there are points taken off of assignments for passing in late.

- Assignment late one day: -10 points
- Assignment late two days: -20 points
- Assignments late three days: - 30 points
- Assignments late after three days: zero credit

### **Kitchen in Middle School and lunch**

- The Middle School Kitchen is available for Middle School students to use. All student lunches must be in a Ziploc/paper bag with the student's name on them. Students must assume responsibility for keeping the room clean. Neglect of the kitchen may result in the temporary/permanent loss of this privilege. - Entering another student’s locker is considered a very serious offense. Taking books, lunches, or other possessions without permission is theft. Abuse of another student’s property or school property is vandalism.

Parents may arrange a visitation at any time with the Head of School.
- All Orientation and Preschool students must be toilet-trained.

## **GENERAL INFORMATION**

### **FYI (For Your Information)**

All parents should read these weekly communiques to keep informed of any changes, new programs, committee meetings, and other important news. The FYI is available on the Unity website, as well as emailed to the email address provided by the parent, each Friday.

## **Fundraising and Donations**

The Unity School Office of Development and Events coordinates the school's fundraising programs. The Unity School Endowment Fund, Inc., a 501(c)3 tax exempt, nonprofit corporation, generates funds that support both operating costs as well as programming and capital improvements. Programming enhancements might include an expanded fine arts program, student enrichment, special student activities, special programs, athletic enhancements, additional technology resources, as well as additional Lessons in Living programming.

Every family is encouraged to make an annual meaningful gift to Unity School's Annual Giving Fund. "Meaningful" is defined as commensurate with your family's financial ability. Contributions to the Annual Giving Fund are necessary to continue to enhance the quality of our educational programs.

A series of fundraising special events initiatives also occurs throughout the year. Families are asked to participate as much as possible. Unity School's fundraising endeavors are successful because our families allow them to be. We thank you in advance for your support.

## **Lost and Found**

Lost and Found is located in the School Office. Items not picked up are discarded or given away each Friday. Make sure your child checks this area for missing items prior to the end of the week.

## **Parent Concern Procedure**

All classroom concerns should be discussed initially with a child's teacher. A teacher may be contacted by calling the school office and then dialing the teacher's extension, writing an email, or writing a note to the teacher.

The school discourages parents and students from calling teachers at home unless an emergency situation exists. A parent should exercise reason and consideration in calling a teacher at home.

The Division Directors or The Head of School may be called at the school office if prior efforts have not resulted in a positive solution to a parent's concern.

### **Parent Support**

Parent involvement with activities and events is encouraged. Parents are expected to support the school's philosophy of promoting student growth and independence. The following parent groups offer many opportunities to get involved and are a vital component to our School community.

### **The Room Ambassadors Organization**

The Room Ambassadors Organization consists of a "Head Room Ambassador" (selected by the Head of School) and assistant parents from each grade level (selected by teachers and administrators). Monthly meetings are held throughout the school year.

### **Unity School Service Organization (USSO)**

The USSO works closely with the Office of Development to support the School by implementing school-wide service and fundraising projects. All families are members of the USSO. Elections are held annually for the USSO Board.
