

5th-8th Grade Camp Activity Information !!!

Lab Rats

Lab Rats is a fun and exciting summer camp class for Middle School students, fifth through eighth graders, with Ms. Hazard. Each hour-long session will offer a unique blend of hands-on activities, engaging and interactive science experiments, and stimulating creativity and curiosity. Students will explore various concepts such as chemistry, physics, and biology, through experiments, demonstrations, and problem solving. Lab Rats goal is to ignite a passion for science and technology; fostering collaboration in teamwork and communication with peers. This class will be entertaining, educational, but most importantly memorable. Get ready to perform some crazy experiments!!

Color Splash Extravaganza

Color Extravaganza is an art activity designed for Middle School students, fifth through eighth graders. Mrs. Daily and Mrs. Kiernan will lead the way through a variety of activities focused on color explosions and self-expressions. Camp will cover mixed mediums, painting, drawing, collages, and emphasizing creativity and individuality. The class will focus on fun ways to encourage self-expression, imagination, artistic experimentation, and fun being immersed in color! By the end of camp students will have created their own portfolio to take with them projects done over their weeks at camp.

Outdoor Olympians

Outdoor Olympians is a physical activity that is outdoors, designed for Middle School students, fifth through eighth grades. Mr. Apel will be focused on teamwork and sportsmanship through various outdoor sports such as soccer, kickball, flag football, etc and sports court activities like basketball, four square, and pickleball. The class is designed to be fun and engaging for all participants but most importantly to make memories through memorable moments.

Gym Gladiators

Gym gladiators is a physical activity session that will be designed for Middle School students, fifth through eighth graders. Ms. D'Angio will focus on teamwork through various indoor activities: floor hockey, basketball, a variety of ball games, gaga ball, etc. Each session will be done for collaboration to problem solve for students. Concepts of leadership, strategy, and elements of strategy will be discussed for a successful game. The goal is to motivate, create, and support movement.

Aqua Adventures

This will be a swimming activity at Aquacrest pool. If chosen the students will walk with a director and teacher across the street to Aquacrest pool for swimming. They will have free swim and if open will have the opportunity to utilize the diving boards. This will be a session of 45 minutes to make time for changing and walking to the pool.

Game Craft Guild

This activity will offer eSports by our own Jagger Quinn and a director. Each hour-long session will immerse participants in the competitive world of online gaming and eSports titles. The camp will provide a structured environment for learning strategies, teamwork, and digital sportsmanship while emphasizing the importance of balancing eSports with physical activity. Topics covered will include internet safety, and effective communication. The class is a great way for young gamers to improve their skills, communicate and collaborate with peers, and create memories with friends in the upcoming and quickly growing field of eSports.

Strategic Board Games

This activity will offer this class for students to focus on the fun and excitement of playing and mastering strategy board games. Board games will include classic board games chess, checkers, etc, to strategy board games like risk, to modern board games. Students learn to develop strategies to win, understand the importance of sportsmanship, and fairplay. This class is fun for those who enjoy intellectual challenges at the table with friends making memories and fun during summer camp.

Culinary Creators

Culinary Creators will be an activity with our one and only Chef Navalee!! Chef Navalee has designed a fun and interactive class with hands-on experience for up and coming chefs. Learn essential kitchen skills of chopping, mixing, baking, dicing, and the tools used to perform these skills; as well as individual hygiene necessary when cooking. Each session will be educational but will also be a delightful experience as the young chefs get to taste the food they made. This will be an amazing experience for everyone!

Limelight Legends

This activity will be an exhilarating experience with Ms. Jamie leading the way. The focus will be on various drama and performances in the world of theater. Students will immerse themselves in improvisation, acting techniques, stage presence fostering confidence, communication skills, and creativity. Learn about voice modulation, emotional expression, character development, and elements of effective stage performance. Limelight Legends offers an exciting opportunity for young performers to develop and unleash their imagination in the spotlight on stage! The goal is a showcase or performance where the students will showcase their talents.
